

The FCC needs to take action regarding Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. Sinclair's proposed action is a great example of how they are suffocating journalism & democracy itself.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. I am counting on the FCC to take the proper action. Thank you.
